

CBC Germfree Shipper Sleeve for Transporting Mice and Rats!

One 1" nipple for easy sterilization.

The CBC Germfree Shipper Sleeve is designed to preserve the germfree health status of animals during shipping.

Germfree Shippers to Preserve the Germfree Health Status of Mice and Rats During Shipping

These Germfree Shipper Sleeves are designed to safeguard your animal's health status during shipping. The shipper is a large, **sterilized**, flexible vinyl sleeve with filtered openings and an accompanying corrugated cardboard shipping case.

Germfree Shipper Sleeves Product Attributes:

- The "sleeve" measures approximately 12" in diameter and 42" in length.
- It comes with three (3) cages (11 1/2" x 7 1/2" x 5") that can fit in the sleeve.
- Cage lids snap on for safer and more secure transporting.
- Durable "Lap Seam" construction.
- **(NEW)** Sleeve interior is sterilized with ethylene oxide gas* (comes with multiple sterilization indicator labels). * *In-house for greater control.*
- Uses DW4 filter media.
- Sleeve comes with one 1" nipple and stopper for easy sterilization when connecting to the transfer port.
- Mylar and filter rings are made of durable polyurethane (not cardboard) so they are stronger and will not absorb moisture.
- Comes with a corrugated cardboard shipping case.

The CBC Germfree Shipper Sleeve comes with (3) cages (11 1/2" x 7 1/2" x 5") with snap-on lids that can fit in the sleeve.
