

CBC Germfree Shipper Sleeve for Transporting Mice and Rats!

The CBC Germfree Shipper Sleeve is designed to preserve the germfree health status of animals during shipping.

Germfree Shippers to Preserve the Germfree Health Status of Mice and Rats During Shipping

These Germfree Shipper Sleeves are designed to safeguard your animal's health status during shipping. The shipper is a large, **sterilized**, flexible vinyl sleeve with filtered openings and an accompanying corrugated cardboard shipping case.

Germfree Shipper Sleeves Product Attributes:

- The "sleeve" measures approximately 12 inches in diameter and 3 1/2 feet in length.
- It comes with three (3) cages (11 1/2" x 7 1/2" x 5") that can fit in the sleeve.
- Cage lids snap on for safer and more secure transporting.
- Durable "Lap Seam" construction.
- Sleeve interior is irradiated (comes with a gamma radiation sterilization indicator label).
- Uses DW4 filter media.
- Mylar and filter rings are made of durable polyurethane (not cardboard) so they are stonger and will not absorb moisture.
- Comes with a corrugated cardboard shipping case.

The CBC Germfree Shipper Sleeve comes with (3) cages (11 1/2" x 7 1/2" x 5") with snap-on lids that can fit in the sleeve.
